TECHNICAL SKILLS

Languages: Python, Java, C/C++, JavaScript/TypeScript, SQL, HTML/CSS

ML/AI: PyTorch, TensorFlow, scikit-learn, Transformers, NLP, LLMs, pandas, NumPy, Model Evaluation, Computer Vision, Fine-tuning Models

Tools: React, Next.js, Node.js, REST APIs, Firebase, Git, GitHub, Vercel, CI/CD, Automation Pipelines

EDUCATION

Ontario Tech University

Oshawa, ON

Bachelor of Science in Computer Science (Co-op), Data Science Specialization

Sept. 2023 – 2028

- **Relevant Coursework:** Machine Learning, Machine Learning 2, Natural Language Processing, Information Visualization, Data Structures, Analysis and Design of Algorithms, Linear Algebra, Discrete Math, Database Systems, Scientific Data Analysis

EXPERIENCE

Web Development and Digital Media Assistant

May 2026 – Aug 2026

Faculty of Business and IT, Ontario Tech University

Oshawa, ON

- Develop and maintain web applications and digital content for faculty initiatives; support web design, implementation, and optimization.
- Create digital media assets and manage web-based projects supporting academic and organizational goals.

Founder – Technical Lead

Sept 2023 – Present

BrandLifters

Oshawa, ON

- Founded and led a **digital marketing agency** delivering web development and analytics solutions for small businesses.
- Designed and deployed company website using **Next.js 15**, React 19, TypeScript, and Tailwind CSS; integrated **interactive tools** (SEO Readiness Checker, AI Website Planner) with robust security.
- Designed and implemented an **AI-driven website generation pipeline** using **Claude Code**, automating creation, deployment (GitHub + Vercel), and publishing of demo sites to a live portfolio, reducing manual development time.

Data, IT, and Marketing Coordinator

Sept 2022 – Apr 2026

Pak Halal Meat and Grocery Store

Oshawa, ON

- Analyzed **sales and inventory data** with Python and SQL to optimize restocking; increased revenue by ~12%.
- Automated **pricing and inventory workflows** using **data pipelines**, saving 5+ hours/week.

LEADERSHIP & UNIVERSITY EXPERIENCE

Finance Officer @ HackHive Hackathon

Sept 2025 – Present

Ontario Tech University Computer Science Club

Oshawa, ON

- Manage budgeting and financial planning for club initiatives and events; coordinated logistics and **managed \$15K+ budget** for HackHive hackathon.
- **Led operations pivot** from in-person to fully online delivery during weather disruption; maintained event quality with **zero sponsor issues** and achieved 150+ participant turnout.

PROJECTS

Multilingual LLM Evaluation for Depression Detection (NLP)

Jan 2026 - May 2026

Researcher

Ontario Tech University

- **Benchmarked 6 LLMs** across 15,000 multilingual samples from 3 languages using prompt engineering and classification pipelines; analyzed cross-lingual bias and error patterns

Image Captioning with Visual Transformers

Mar 2026 – Apr 2026

Developer

Ontario Tech University

- Built end-to-end **image captioning model** using **Vision Transformers** and sequence-to-sequence architecture.
- Implemented **data preprocessing** and evaluation metrics (BLEU, CIDEr).

Speech Emotion Recognition (Deep Learning)

Nov 2025 - Dec 2025

Developer

Ontario Tech University

- Built **2D CNN** classifying emotions from speech using **mel-spectrograms** trained on ~10K audio samples (RAVDESS, CREMA-D) with **speaker-independent splits** and **data augmentation**.
- Achieved ~55–60% test accuracy; deployed on Hugging Face Spaces.
